2024

3rd Gwangju International Spine Symposium Collaboration with Asia Pacific Spine Society (APSS)

Dear Colleagues

It is our pleasure and honor to welcome you to the 3rd Gwangju International Spine Symposium (GISS). It is even more glorious to have many excellent international and domestic guests here in Gwangju, Korea. Gwangju is the leading city in the west-south region of Korea, within a day's reach of the entire nation. The members of the Gwangju Spine Society have a long history of hosting spine conferences, and this 3rd GISS is an extension of our commitment. We not only hope to enhance and share our knowledge and experiences on the symposium's topic, "Collaboration with Asia Pacific Spine Society (APSS)," but also to renew our friendships and immerse ourselves in the rich culture and arts of the city.

We would like to express our gratitude for your journey from afar and trust that this symposium will contribute to the further development of Gwangju and the Korean Society of Spine Surgery.

Co - Chairman
Hyoung Yeon Seo, MD, PhD

Co - Chairman
Hong Moon Sohn, MD, PhD

Korean Society of Spine Surgery
Honam Branch

Program

[08:30 – 08:55] Registration

Opening Remarks Jung Pil Heo (Chairman of Gwangju Spine Society)
Congratulatory Message Jong Beom Park (President-elect of Korean Society of Spine Surgery)

Meet the Experts

[09:00 – 09:40] Spine Fracture Cases Dae Moo Shim, Dong Ki Ahn
1. Cervical spine fractures Jong Hyun Ko (Jeonbuk National University)
2. Thoracolumbar spine fractures Hyoung Yeon Seo (Chonnam National University)
Expert Panel Wong Hee Kit (Singapore), KS Sivananthan (Malaysia),
Kwan Mun-Keong (President of APSS), Kei Yamada (Japan), Yong Soo Choi (Korea)

Symposium 1

[09:40 – 10:20] Spondylolisthesis; My Preferred Surgical Treatment Jin Whan Kim, Jae Chul Lee
1. TLIF or PLIF Hun Kyu Shin (Sungkyunkwan University)
2. OLIF Sam Yeol Chang (Seoul National University)
3. Endoscopic decompression and fusion Seok Bong Jung (Jinju Bon Hospital)

[10:10 – 10:20] Discussion

[10:20 – 10:40] Coffee Break

Invited Lecture 1

[10:40 – 12:00] Hak Sun Kim, Seok Woo Kim
1. The Optimal indications based on my clinical practice-Lessons learned from 10 years of performing anterior vertebral tethering Wong Hee Kit (National University Hospital (NUH), Singapore)
2. TLIF with cortical pedicular screw fixation KS Sivananthan (Alty Orthopaedic Hospital, Malaysia)
3. Pedicle screw safety in adolescent idiopathic scoliosis(AIS) surgery -pitfalls and complications avoidance Kwan Mun-Keong (University of Malaya, Malaysia)
4. Primary treatment of atlantoaxial rotatory fixation Kei Yamada (Kurume University, Japan)

[11:40 – 12:00] Discussion

Group Photo & Lunch

[12:00 – 13:00] Luncheon Symposium Jae Won You, Whoan Jeang Kim
Treatment Journey to Protect Bones from Fractures Je Hong Ryu (Chosun University)

Symposium 2

[13:00 – 13:40] Collaboration with Asia Pacific Spine Society (APSS) Kyu Jung Cho, Kwan Mun-Keong (President of APSS)
1. Web seminar Chang Hwa Hong (Soonchunhyang University)
2. Travelling fellowship Yong Chan Kim (Kyunghee University)
3. Collaborative symposium in national conference Young Hoon Kim (Catholic University)
4. Role of APSS in the collaboration of Asia Pacific Spine KS Sivananthan (Alty Orthopaedic Hospital, Malaysia)

[13:20 – 13:40] Discussion Panel Wong Hee Kit (Singapore), Kei Yamada (Japan), Jae Yoon Chung (Korea)

2024 3rd Gwangju International Spine Symposium : Collaboration with Asia Pacific Spine Society (APSS)

Symposium 3

[13:40 – 14:20] Cervical Spondylotic Myelopathy; Which is Better Option?
Jae Sung Ahn, Dong Ho Lee

1. Posterior approach Byung Wan Choi (Inje University)
2. Anterior approach Dae Jin Nam (Wonkwang University)
3. Combined anterior and posterior approach Byung Ho Lee (Yonsei University)

[14:10 – 14:20] Discussion

[14:20 – 14:40] Coffee Break

Invited Lecture 2

[14:40 – 16:00] Kyung Soo Suk, Chang Nam Kang
1. What works and does not work for me in the management of adult spinal deformity
Wong Hee Kit (National University Hospital (NUH), Singapore)
2. GAP, frailty index in patient selection and pre-op planning
KS Sivananthan (Alty Orthopaedic Hospital, Malaysia)
3. Severe adolescent idiopathic scoliosis(AIS) surgery-current management options and preferred surgical strategies Kwan Mun-Keong (University of Malaya, Malaysia)
4. Effectiveness of intraoperative neurophysiological monitoring during spinal surgery
Kei Yamada (Kurume University, Japan)

[15:40 – 16:00] Discussion

Symposium 4

[16:00 – 16:50] Interesting Spine Issues Ki Tack Kim, Woo Dong Nam
1. Adjacent segment pathologies after MIS-TLIF Yung Park (NHIS Ilsan Hospital)
2. 3D-printing in spine surgery Sang Bum Kim (Chunnam National University)
3. Endoscopic spine surgery in lumbar spinal stenosis. Which one? Si Young Park (Yonsei University)
4. Novel strategies for prevention of proximal junctional kyphosis
Ho Joong Kim (Seoul National University)

[16:40 – 16:50] Discussion

Gwangju Spine Society

[16:50 – 17:30] Chong Suh Lee, Bo Gun Suh
1. Animal research for acute spinal cord injury Hong Moon Sohn (Chosun University)
2. Chronological analysis of primary cervical spine infection: A single-center analysis over three decades Sung Kyu Kim (Chonnam National University)
3. L1 Slope as an indicator of thoracolumbar sagittal balance in osteoporotic vertebral fractures Sung Nyun Baek (Kwangju Christian Hospital)

[17:20 – 17:30] Discussion

[17:30] Closing Remarks Hong Moon Sohn (Chosun University)
